## The Rivalry

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

Since all time began the holy council guards the light  
They saw dawn of man, made by gods to serve their pride  
Their slave, he fell from grace, he became the renegade  
But evilness took place, 'cause a darkened force lurked in the shade

Silent wings of black, shadowed all the good at heart  
The snake on the attack, shot to bite right off the dark  
The poison in their vein, freezed their soul, their heart, their mind  
So they praised the evil's name, the beast to serve, the world to grind

Time of all eternity, can never change the final destiny  
The purified that stood the fight, will be saved to see the world of light

The Rivalry, since eternity, the final fight the blackened world to free  
Lost in hate, determined fate, all evil's damned to walk the fiery gate

The time is right at hand, to see the truth behind the lie  
Decade of evils end, the poisoned heart is doomed to die  
The chosen one is here, they're in a deadly fix  
He is the one they fear, cause he is up to all their tricks

Time of all eternity, can never change the final destiny  
The purified that stood the fight, will be saved to see the world of light

The Rivalry, since eternity, the final fight the blackened world to free  
Lost in hate, determined fate, all evil's damned to walk the fiery gate

## Kiss Of Death

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

Hey Mr. Man in black, no more disguise  
It's just a waste of time, we see through your lies

You think you've ruled the world, through the endless time  
But on your wealthless soul, I wouldn't bet a dime

When the elder drops his arm you're dead and lost  
He takes away your breath with the kiss of death

No deal can save your soul, we know your evil name  
We see your cloven hoof, we know your evil game

When the elder drops his arm you're dead and lost  
He takes away your breath with the kiss of death

You've really passed the point, the point of no return  
When your evil soul will melt, the good at heart will yearn

When the elder drops his arm you're dead and lost  
He takes away your breath with the kiss of death

## Firebreather

*Music: Rolf Kasperek*  
*Lyrics: Rolf Kasperek*

Three days of darkness, eternal night  
Celestial sign swallows up the light  
A raging storm, Armageddon's here  
The enslaved's hope is the evil's fear

He rides the wind on silent wings, Laserbeams ripping steel  
Black helicopters go up in flames, before they know that he's real

Firebreather, raging from the stormy sky  
Firebreather, smoke and thunder steal the light away

Black soldiers walk the gates of hell  
They drop their mask, they come off their shell  
Minotaurs and genetic beasts  
Invade the world with a bloody feast

He rides the wind on silent wings, Laserbeams ripping steel  
Black helicopters go up in flames, before they know that he's real

Firebreather, raging from the stormy sky  
Firebreather, smoke and thunder steal the light away

Man in black your time is up  
Universal law, you're outta luck  
No dirty tricks, no unfair fight  
He shoots your head off with his first strike

He rides the wind on silent wings, Laserbeams ripping steel  
Black helicopters go up in flames, before they know that he's real

Firebreather, raging for the stormy sky  
Firebreather, smoke and thunder steal the light away

## Return Of The Dragon

*Music: Rolf Kasperek*  
*Lyrics: Rolf Kasperek*

Only when the last dragonslayer has been layed by the heels  
And his demonic soul is melting in the holy flames of eternal truth  
The dragon's kingdom will return to free the enslaved soul from his shackles of hate  
That will be the time, when the Serpent loses its tongue and its head!!

The kiss of the Serpent brings darkness and torment  
They fight the defender with treason and slander  
Seducing to blindness, souls getting mindless  
They're slaying the dragon, the're hunting the pagan

When the unerring law of the dragon returns, to wipe away all the pain  
The Serpent is banned and the soulless will burn, the root of all evil to tame

No resurrection with evil's attraction  
Denying its spell, might save you from hell

When the unerring law of the dragon returns, to wipe away all the pain  
The Serpent is banned and the soulless will burn, the root of all evil to tame

The death of all badness brings the end of all madness  
Misleading liars, they will burn in the fires

When the unerring law of the dragon returns, to wipe away all the pain  
The Serpent is banned and the soulless will burn, the root of all evil to tame

## Resurrection

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

The fight of light & darkness put the test on you  
The pain of tribulation is what you're going through  
Determination is on you, 'cause fate's in your own hand  
The power of seduction is the test you have to stand

Days of war and thunder, that's what the dark lives on  
A fast trip on a one-way until all good is gone  
They love to see you falling to save their binding spell  
You're on a suicide mission, a final trip to hell

Death is calling, unerring destiny  
Black heart's falling for all eternity

Resurrection, the sole survivors stand  
Chain-reaction, but the good at heart will stand the hand of fate

So see the whole connection, between all things they do  
They try to daze your senses, cause the evil's never true  
They promise you their heaven, they're giving you their hell  
A ticket to damnation is what these people sell

Death is calling, unerring destiny  
Black heart's falling for all eternity

Resurrection, the sole survivors stand  
Chain-reaction, but the good at heart will stand the hand of fate

## Ballad Of William Kidd

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

*[Dedicated to the memory of William Kidd.]*

He was born at the shore of Greenock in the year 1645  
Ran away at the age of fourteen, to flee from his soul-killing life  
He signed on to sail the wild-winds  
But he worked down his hands and his knees  
He stood his test on the waters, so they said he was bred to the sea

In 1697, the "Adventure..." was setting its sails  
With the letter of marque and reprisal, Kidd was prepared for his trail  
They sailed the sea with the mission, to hunt down "Tew" and "Long Ben"  
A serious riot was rising, so Kidd struck down one of his men  
And he died!

Blue-blooded men they fell from grace  
Piranhas eating their own  
They sacrificed at the altar of lies  
So fate took its course in the ballad of William Kidd

The "Adventure..." returned to her hometown, Kidd was forced to defence  
They charged him with looting and murder, his patrons and generous friends  
He'd left his crew at St. Thomas, to guard his honour from shame  
But the lords they lied like a trooper, not to lose their own heads in the game

Blue-blooded men they fell from grace  
Piranhas eating their own  
They sacrificed at the altar of lies  
So fate took its course in the ballad of William Kidd

The lords testified their unholy lies, to save their own heads from the gallows  
They sacrificed Kidd, they took him for a ride, that conspiratorial fellows

They judged him and they found him guilty of piracy on the high seas  
Betraying men of honour, you know lie and cheat as they please  
A case of judicial murder caused the death of the seafaring man  
Slandorous bunch of liars, to hell your souls will be damned

Blue-blooded men they fell from grace  
Piranhas eating their own  
They sacrificed at the altar of lies  
So fate took its portentous course. What a shame!  
In the ballad of William Kidd

## Agents Of Black

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

The gates of hell are opened wide  
The evil reigns with eternal night  
The end of time is breaking lose  
Light or dark, you're up to choose

The fallen gods, infinite pride  
They serve the dark, they fear the light  
They caress the lie, they kiss the hate  
They guard the flies, the rule the shade

Black, souls insane, invade the worlds with a feast of war and pain  
The final fight will be done when they are dead and gone  
Agents of black

They're sending out their raging beasts  
To invade the world from west to east  
Infected wings to spread their seed  
They hunt men down their beasts to feed

Black, souls insane, invade the worlds with a feast of war and pain  
The final fight will be done when they are dead and gone

Authorities an evils force  
They saved their pact with lies and wars  
Blackened men, their souls are banned  
The final fight, all evils end

Black, souls insane, invade the worlds with a feast of war and pain  
The final fight will be done when they are dead and gone

## **Fire & Thunder**

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

Enchanted times, decade of falling  
But no one thinks of catastrophe  
Seductive voice of death is calling  
The fall of man is just plain to see  
The mighty reign of devastation  
Is raging wild allthrough the land  
Sowing the winds of desperation  
A deadly breeze by the Serpents hand

Darkest night, pride and hate  
Raging force, the fate

Fire & Thunder, war & pain  
Fire & Thunder, the devil's reign

The lost child is breathing badness  
Building bombs just to serve his pride  
Technological wings of madness  
Could bring the end, eternal night

Darkest night, pride and hate  
Raging force, the fate

Fire & Thunder, war & pain  
Fire & Thunder, the devil's reign

The souls melt in the fire of distress  
The world's caught in a deadly trance  
The flames of hell, their reign is endless  
No way out, no more second chance

Darkest night, pride and hate  
Raging force, the wings of fate

Fire & Thunder, war & pain  
Fire & Thunder, the devil's reign  
Fire & Thunder, the final fight  
Fire & Thunder, eternal night

## The Poison

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

Poisoned snakes with doubled tongues, pretend to know the law  
They menace with eternal hell, the fiend on velvet paws  
They say what you should do or not, to keep you just in line  
Praying they will fool the blind 'till the end of time

Fight the fire, the licking flame of hate  
Fight the liar, the snake in the shade

He spites his wicked lies, the poison  
He slithers round his victim 'till he bites  
He injects the fuel of hate, the poison  
And the fallen angel spreads his blackened wings

They pray the wine, they serve the lie, that's dripping in your ears  
They daze your mind, they need your soul to oil their evil gear  
A mindless and obedient slave to the lord of flies  
Their hearts are wrapped in blackest night, cashing in on lies

Fight the fire, the licking flame of hate  
Fight the liar, the snake in the shade

He spites his wicked lies, the poison  
He slithers round his victim 'till he bites  
He injects the fuel of hate, the poison  
And the fallen angel spreads his blackened wings

The evilness lives in their heart, Lucifer's the name  
They bet your life, your soul's the prize, the pool in the game  
They say they saw the god of light, but they will never proof  
I know their god, they're praying to, two horns and a cloven hoof

Fight the fire, the licking flame of hate  
Fight the liar, the snake in the shade

He spites his wicked lies, the poison  
He slithers round his victim 'till he bites  
He injects the fuel of hate, the poison  
And the fallen angel spreads his blackened wings

## Adventure Galley

*Music: Thilo Herrmann*

*Lyrics: Rolf Kasperek*

Addicted to the stormy sea, the sound of clashing waves  
Proudly they are rushing by on their breathless chase  
Hunting for Long Ben and Tew, to bind them down in chains  
They're standing every raging storm, the privation and the pain

They capture every sailing-ship, they're cashing in by stealth  
Reprisal is the magic word to increase their heaped up wealth

They stand the stormy waters, the raging wild winds on the sea  
No walking ghost or nightmare, could ever force them to their knees

Adventure Galley, proudly she's staying her course  
Adventure Galley, the magical force, wild and free!

Addicted to the stormy sea, the sound of clashing waves  
Proudly they are rushing by on their breathless chase

They stand the stormy waters, the raging wild winds on the sea  
No walking ghost or nightmare, could ever force them to their knees

Adventure Galley, proudly she's staying her course  
Adventure Galley, the magical force, wild and free!

## Man On The Moon

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

Red-hot steel and thunder, fast and raging  
The steely arrow shoots into the night  
Heading for the unknown into darkness  
Well equipped to see the other side

Hold on, time is right to dig the lie  
Watch out, the truth will come to light

The skids are touching ground, dying engine  
You're climbing off, you're switching on the lights  
You're walking on the moon, the world of silence  
But it tells you all the secrets that it hides

Hold on, time is right to dig the lie  
Watch out, the truth will come to light

Man on the moon, prowler of the night  
Man on the moon, tell man the secrets that you hide

You see the ball of light, the steely saucer  
They're watching you and every step you'll make  
Your superiours they told you that it's fiction  
But what they sayed was nothing but a fake

Hold on, time is right to dig the lie  
Watch out, the truth will come to light

Man on the moon, prowler of the night  
Man on the moon, tell man the secrets that you hide

So what's the point in sending out their spaceships  
To look for something you should never find  
Why they try to keep mankind away from knowledge  
The cloven hoof is the secret that's behind

Man on the moon, prowler of the night  
Man on the moon, tell man the secrets that you hide

## War & Peace

*Music: Rolf Kasperek*

*Lyrics: Rolf Kasperek*

*[Inspired by the novel "War & Peace" by Leo Tolstoi.]*

The rifles are firing, the cracking of guns break the still  
The march of the soldiers, no mercy, no thoughts and no will

They fall one by one, their blood is shed without sense  
Trapped in the spell of a nightmare

War & peace, you're walking just straight on the edge  
War & peace, you're dying in war, but you even can't live in peace

You gun down your victim and the devil is laughing in scorn  
You're killing your brother, cause he's wearing the wrong uniform

They fall one by one, their blood is shed without sense  
Trapped in the spell of a nightmare

War & peace, you're walking just straight on the edge  
War & peace, you're dying in war, but you even can't live in peace

The essence of all evil is living on madness and hate  
So see and take over, to rule the key to your fate

They fall one by one, their blood is shed without sense  
Trapped in the spell of a nightmare

War & peace, you're walking just straight on the edge  
War & peace, you're dying in war, but you even can't live in peace
